

HAS EITHER WON

The Struggle for Supremacy at Homestead?

BOTH SIDES CLAIMING VICTORY.

The Strikers Maintain the Company Has So Far Failed to Successfully Operate the Mill with Non-Union Men—Superintendent Potter Says Twelve Cars of New Iron Have Been Shipped—More Men Return to Work.

HOMESTEAD, Pa., Aug. 13.—Both sides are claiming victory. The strikers still maintain that the company has failed to successfully operate its plant with non-union men. In support of this argument they point to the fact that very little material has been shipped from the mill since the inauguration of the strike.

Why Don't They Ship Some?

On this point, Treasurer Gaches, of the advisory board, said to a United Press representative Friday night: "If the company is really making good steel why does it not ship some of it? When it does send out material made by its present force of workmen, material that has passed inspection, then and not until then will we begin to wink the other eye."

Says Iron Has Been Shipped.

Superintendent Potter was seen a few minutes later. When told what Treasurer Gaches had said he smiled and replied: "Well it's about time for him to begin winking. We have shipped twelve car loads of material this week and every pound of it was made by our new men."

Mr. Potter then went on to say that his present force of men are doing wonderfully satisfactory work; in fact the smoothness with which everything is being run has surprised him greatly. Six departments are now running full time, double turn. The forty-inch beam mill was started Friday morning and was operated throughout the day without a hitch or break.

Strikers Don't Believe It.

But the strikers will not believe Mr. Potter, neither will they accept as true the accounts written by newspaper men who visit the mill daily. They believe, or try to make themselves believe, that it is impossible for non-unionists to fill the positions the strikers deserted more than a month ago. During the past week many of the men who were conspicuous figures around the strikers' headquarters have mysteriously disappeared.

Have Returned to Work.

Friday evening a United Press reporter asked some of the strikers what had become of their former companions and received this reply: "Oh, those fellows have gone back to work. It was impossible for them to be men; they got scared and deserted."

This coming from the strikers themselves is a direct contradiction of Vice Chairman Crawford's oft-repeated statement that less than half a dozen of the old men have returned to work.

Failed to Materialize.

The executive committee of the American Federation of Labor did not materialize in Homestead Friday. It is now stated that Gompers, et al, will be here today. Hugh O'Donnell, Burgess McLuckie and T. H. Brown left for Boston Friday afternoon. O'Donnell, it is said, will remain in the east several weeks. In spite of all reports to the contrary there is a disposition on the part of some of the members of the advisory board to keep O'Donnell from resuming his place at the head of that body.

Gompers Makes a Statement.

PITTSBURG, Aug. 13.—The executive committee of the American Federation of Labor spent most of the afternoon and until a late hour last night in conference with the Homestead advisory committee and the officials of the Amalgamated association. Last night President Gompers gave out the following statement:

"After a thorough investigation and review of the situation in Homestead and the other Carnegie mills, and after a conference with President Weihe and other officials of the Amalgamated association, and on consultation with the advisory board of the Homestead men, the executive council of the American Federation of Labor do not deem it necessary at present to issue any general boycott on the Carnegie products for these reasons:

"The amount of work now turned out in the Carnegie mills is of such a trifling, inconsequential character it would be sheer waste of effort to issue a boycott. Added to this, the quality and small amount of the product turned out is so inferior it is hardly marketable, and will result in a greater loss of trade to the Carnegies than would come from any boycott we might now impose.

"In fact the unmarketable character and small amount of work done is an efficient boycott against the Carnegie company itself. Should it be necessary to levy a general order in the future to let Carnegie products alone we will not hesitate to do so, notwithstanding the threats of the firm to use the conspiracy laws against us.

"In declining to issue a boycott at this time does not prevent all sympathizers with the struggling toilers from refusing to use structural iron or steel or nails and other products of the Carnegie mills, wherever they locally feel inclined to do so and at the same time every dollar of financial aid which can be raised should be given freely to help this struggle of brawn and brain, muscle and heart, against the cold-blooded grasping service of well protected manufacturers.

A Non-Union's Man Experience.

PITTSBURG, Aug. 13.—M. L. Kelbourne, a Kansas City reporter who went to Homestead with thirty-five non-union

workmen engaged by E. W. Nye, the employment agent of Cincinnati, thus relates his experience:

"We all hired to go to Homestead as smelters, but not one in the whole lot was anything but a laboring man. Any story went and we were all locked up in a single car and came in over the Baltimore and Ohio railroad. The doors were locked and about twenty of us made up our minds that we had had enough of the excitement and so climbed out of the windows of the car and left the train a short distance this side of Washington, Pa. We did this in single order at the various stations, in order to throw off suspicion. The agent got to Pittsburgh with only fifteen men out of the crowd. We had lots of excitement as the crowds stoned the cars at nearly every stopping place."

EXPLAINED.

The Mysterious Visits of Hugh O'Donnell to New York City.

NEW YORK, Aug. 13.—The persistency of the reports that Hugh O'Donnell, the leader of the Homestead strike, was holding conferences with the Republican national committee in this city, with a view to a settlement of the troubles between Carnegie and his men, led many to believe in the truth of these reports and meanwhile concealed the real movements of the labor leader in his frequent trips away from Homestead.

Friday the facts were disclosed. T. J. Kennan, one of the leading Allegheny county Democrats arrived in this city Thursday and visited the Democratic headquarters. He will be joined on Monday by W. J. Brennan, chairman of the Allegheny (Pa.) Democratic committee and J. M. Guffey, the leader of the anti-Harriet Democracy of Pennsylvania. They come for the purpose of consulting with Congressman W. Burke Cockran, who has been slated to open the Pennsylvania campaign in Pittsburgh.

It is proposed by these leaders to place in nomination for congress in the Twenty-fourth (Pittsburg) district, William Weihe, president of the Amalgamated association, to run against John Dalzell, the Republican candidate in that district. Hugh O'Donnell is to run for assembly in the same district, on the Democratic ticket.

It is argued by these gentlemen that the nomination of the men who have taken such a prominent part in the labor troubles in western Pennsylvania will go far to arouse the interest and sympathy of organized labor throughout the country in favor of the Democratic party.

Finishers Dissatisfied.

PITTSBURG, Aug. 13.—The dissatisfaction among the finishers over the manner in which the settlement of the wage scale was effected between the manufacturers and the Amalgamated association conference committee, by which they were the greatest sufferers in the reductions agreed upon, is quite general, and may yet result disastrously to the expectations of both manufacturers and officials of their organization. By many, it is predicted that the settlement of the wage trouble is as far off as ever.

All of the lodges of rollers, heaters and others employed in the finishing departments had largely attended meetings Friday, at which the "unwarranted liberty" assumed by the conference committee was emphatically condemned, the committee having agreed to the reduction against the wishes of two-thirds of the lodges voting on the questions. The officers of the Amalgamated association hope, however, to bring the heaters into line before Monday.

Striker Released on Bail.

PITTSBURG, Aug. 13.—Judge Ewing yesterday afternoon granted the application presented for the release of Jack Clifford, one of the Homestead strikers who was charged with murder and aggravated riot. The release, however, does not take effect until the bail is furnished. The securities offered were insufficient and Clifford was recommitted to jail. The bond will probably be given and approved today.

Clifford was arrested Thursday afternoon and sent to jail, being charged with two counts of murder and one for aggravated riot, preferred by Secretary Lovejoy, of the Carnegie company. It was alleged that he was implicated in the killing of Wain and Connors Aug. 6, at the Homestead riot. The amount of bond required was \$12,500.

Did Not Strike at Duquesne.

PITTSBURG, Aug. 13.—The non-union workmen at Duquesne did not strike at 4 o'clock yesterday afternoon as it was reported they would do. The talk now is that they will come out on a strike this afternoon. This is heard only among the outsiders and is thought very improbable.

MINE ON FIRE.

The Town of Mayfield, Pa., Threatened With Incalculable Damage.

SCRANTON, Pa., Aug. 13.—Fire has again broken out in the abandoned workings of the No. 2 mine at Carbondale, after several weeks of flooding which it was believed had extinguished the flames. The workings extend under a large surface area between that city and Jermy, and unless soon suppressed will work incalculable damage to the town of Mayfield which is built over them.

Mine Foreman Waterfield has turned additional streams into the seething underground furnace, and this will be kept up until the flames are completely put out. The mine connects with other workings, and to prevent the latter being flooded solid masonry walls will be erected between them.

General Gano Dunn Suicides.

DENVER, Aug. 13.—General Gano Dunn, well known in the east, committed suicide in this city Friday night by shooting himself.

Roseberry Will Not Be in It.

LONDON, Aug. 13.—The Telegraph says: It is understood that Lord Roseberry will not be a member of Mr. Gladstone's cabinet.

HOW THEY'RE COMIN'

According to R. G. Dun & Company's Weekly Review.

THE ADVANCE IN BREADSTUFFS

The Particular Feature of the Week. Crop Reports Not Quite Up to Expectations, and Indicate a Deficiency of Corn and Wheat—Prices Have Advanced—Great Industries, Except Iron, Doing Well.

NEW YORK, Aug. 13.—R. G. Dun & Company's weekly review of trade says:

Crop reports are not quite up to expectations, and are construed as indicating a deficient supply of corn and oats, while any possible deficiency in wheat and cotton will be more than met by surplus stock. But prices have advanced quite sharply, and exports of domestic products fall below last year's. The great industries are all doing remarkably well, excepting the iron manufacture, in which labor controversies have been partially settled, and seem likely to be wholly settled speedily. The collapse of the building strike here revives activity in many departments of trade. But stocks still come back from Europe in considerable amount, and a little more gold has been ordered for shipment.

The iron output Aug. 1 was 155,136 tons weekly, against 169,151 July 1, and 169,576 a year ago, but the stocks unsold nevertheless increased 16,000 tons during the month of July, and on the first of August exceeded a 1,000,000 tons. Southern pig iron is pressed for sale, and some quotations are lower than ever. But the resumption of manufacture by western iron works, which have settled their controversies with the men, will make a great change in the situation at once, increasing the output of pig iron but probably the demand still more.

Manufactured iron and steel have been in very active demand, nearly all the works in operation being crowded with orders. But steel rails are dull as ever, and while only 700,000 tons have been sold for the year thus far, the orders on hand will hardly carry eastern mills to Sept. 15. Copper is weak at eleven and five-eighths and lead at four cents, but speculation advanced tin to 21.15, and depressed it to 20.45 cents.

There is no market worth mentioning for coal, but in the textile industries the utmost activity prevails. Manufacturers are buying wool freely, Boston scales for the week being 2,000,000 pounds above last year's, and the total sales at the three principal markets for the year thus far have been 32,000,000 pounds greater than last year. Boot and shoe factories are still pressed to the utmost, and shipments from the east continue for the year nearly 100,000 cases greater than last year.

The particular feature of the week has been the rise in breadstuffs, two cents in corn and three-fourths of a cent in oats, while wheat declined three-fourths of a cent, with sales of only 14,000,000 bushels. Western receipts were 4,930,000 bushels in four days and Atlantic exports 2,309,000 bushels. Pork advances seventy-five cents per barrel, but lard declined half a cent. Oil rose five cents and coffee one-fourth, but cotton fell an eighth, though exports are larger than a year ago, as crop report grow more favorable.

Imports continue extraordinarily large, at New York for five weeks 30 per cent. greater than last year, and such a movement would insure further gold exports unless other conditions change.

Boston reports money stronger with increased demand and the volume of trade larger than usual for the season.

In fall clothing, trade is heavy and stocks of woolsens are being closed out, while orders for spring goods are liberal. Trade in dry goods is larger than usual by liberal western orders, particularly in women's dress goods.

At Philadelphia wool is also strong with free receipts, groceries dull but up to the average, manufactured iron in better demand, and other trades comparatively quiet.

At Baltimore trade in dry goods and hardware is good, and shoe manufacturers report business far ahead of last year.

The strike in iron mills at Pittsburg has been settled with reduction of 10 per cent. in wages in the finishing branch, and window glass workers have settled the scale on last year's basis.

At Cincinnati manufacturers of women's shoes report a very prosperous season with trade 10 per cent. greater than last year.

At Cleveland business is fairly active in all principal lines.

Chicago reports sales greater than a year ago, and receipts of hides, oats and barley show some increase of flour and cured meats 50 per cent. and of lard a three-fold increase, while some decrease appears in wool, cattle and rye, a third in wheat and corn, and 50 per cent. in dressed beef. Collections are satisfactory there and throughout the west.

At St. Paul threshing reports promise an average yield, and at Minneapolis business is excellent in all lines especially in lumber.

Trade is very heavy at Omaha, and collections never better, improving at Kansas City with money in better demand, and very good at Denver.

At St. Louis trade is of fair volume, labor troubles have been settled, and collections are more prompt than usual. Southern reports show general improvement in trade at Little Rock, at Memphis, at Montgomery and at New

Orleans, but at Galveston collections are slow, and at Savannah money is reported tight.

Stocks were strong most of the week, but some reaction toward the close carried the average a little below that of a week ago. The treasury has taken in \$700,000 more gold and silver than it has paid out, while lessening the value of notes in circulation \$1,200,000, but money is abundant and cheap. Customs receipts in August have been much larger than a year ago, but at New York 56.7 per cent. of payments were in treasury notes and only 12 per cent. in gold. Silver has fallen to thirty-eight pence in London, the lowest price ever quoted, and in June it sold at forty-one pence.

The business failures during the last seven days number, for the United States, 169; Canada, 20; total, 189; as compared with 184 last week, and 193 the week previous to the last, and 227 for the corresponding week last year.

In Canada.

NEW YORK, Aug. 13.—Special telegrams from leading Canadian cities to Bradstreets indicate a moderate volume of general trade, less relatively in Ontario than last week, but with no perceptible change in Quebec. The proposed abolition of the rebate on grain en route through Canadian canals unsettles freights. The outlook is for a fair autumn trade.

FUNDS OF THE IRON HALL.

The Sub-Committee's Total More Than \$2,000,000.

INDIANAPOLIS, Aug. 13.—The sub-committee of the Iron Hall, which has been engaged for some days in making an examination of the books, has finished its work and made a report, which, it is claimed is authentic. The portion of the report showing the financial condition of the order is as follows:

Benefit fund—Balance on hand Jan. 1, 1892, \$1,005,518.71, received from assessments, \$1,299,639.60; from reserved fund, \$160,618.62; life division, \$8,300; division No. 3, \$41,507.45; Total, \$2,520,583.78.

Disbursements—6,522 sick and disability claims, \$310,686.41; 177 death benefits, \$52,122.50; 1,436 final dividends, \$1,033,365. Total, \$1,396,173.91. Balance on hand in benefit fund, \$1,124,409.87.

Reserve fund—Balance in hand of banks, including all accumulations to Aug. 1, 1892, \$1,352,493.64; reserve in the hands of the supreme cashier, \$148,431.35. Total, \$1,500,924.99.

General fund—Balance on hand, Dec. 31, 1891, \$15,174.97; receipts to Aug. 1, 1892, \$70,931.16. Total, \$86,106.13.

Disbursements—Warrants from 1,551, to 1,974 \$63,166.73; balance in general fund, \$22,939.40; improved real estate, \$38,000. Total assets (in all funds), \$2,686,274.26.

WHAT IS ITS SCOPE?

The Government Eight Hour Law Not Clearly Understood.

WASHINGTON, Aug. 13.—The new eight hour law is creating a deal of stir in the District of Columbia just now. Not only are the commissioners perplexed as to the persons included within its scope, but heads of departments are at a loss how to proceed. The law carries as a penalty fine and imprisonment, one or both, in the discretion of the court. The fine is not to exceed \$1,000 and the imprisonment not to be longer than six months.

The District commissioners had District Attorney Hazelton construe the law. Now the labor unions contend that this opinion is all wrong and insist on a broader construction. Solicitor General Aldrich, of the department of justice is preparing an opinion on the subject. Representative Tarsney, of Missouri, who prepared the bill, says that it applies to all government work except that which is being done on contract. He says it does not apply to the Cramps, because the ships which they are building will not be the property of the government until they are delivered to the navy department, but it does apply to all postoffices, custom houses, etc.

BY THE CHARCOAL BRAZIER.

A Vienna Clerk Kills His Children, Their Mother and Himself.

VIENNA, Aug. 13.—A clerk in this city named Johann Singer, who had been out of employment for some time and who saw no means of supporting the woman with whom he was living and by whom he had three children, determined to kill them and then commit suicide.

The means employed was burning charcoal. He started the fire in the room in which the woman and children were asleep, and inhaling the fumes they soon died. Singer himself remained in the room, and from appearances he, too, died shortly after his victims.

Stevenson's Dates.

BLOOMINGTON, Ills., Aug. 13.—The following appointments for campaign speech-making have been made by General Stevenson: From Sept. 1 to 7, he will speak in Indiana, after which he will return to Illinois for ten days and then he will go to North Carolina where he will remain until the end of September. During October he will speak in Illinois and New York states.

Injured Jockey Dies.

CHICAGO, Aug. 13.—Jockey John Dempsey, who fell from Fauntleroy in the fifth race at Garfield park Thursday, and was run over by a half dozen horses, died from his injuries at the county hospital yesterday morning.

Nail Workers' Strike Ended.

MONTREAL, Aug. 13.—The nail workers' strike, which began on July 1, is ended. All the factories have accepted the scale of the Amalgamated association with a few slight amendments.

Railway Wreck in Austria.

VIENNA, Aug. 13.—In a railway collision at Holflein, near Bruck, lower Austria, the mail train was badly damaged. Six carriages were smashed, one passenger killed and nine injured.

REDISCOVERED

One of the Lost Arts of the Ancient Egyptians.

COPPER HARDENED LIKE STEEL.

Ferdinand Allard, a Poor Blacksmith, of Quebec, Prepares Edged Tools and Plates of the Metal and Publicly Submits Them to the Severest Tests—May Be Superior to Steel for Armor for War Vessels.

QUEBEC, Aug. 12.—Local scientists say that one of the most wonderful discoveries of recent years is that made by a poor blacksmith of this city, named Ferdinand Allard. It is the long lost art known to the pyramid builders of Egypt, of hardening copper. Axes and other edged tools made of hardened copper have been exhibited by him, which in edge and temper rival the best steel of the present.

Allard prepared a sheet of his hardened copper, one and three-fourths of a line in thickness. [A line is one-twelfth of an inch.] and had it tested at the government rifle range here. At the first shot, fired from forty yards' distance, the bullet was by its impact with the plate, shattered into a thousand fragments, on the second the missile striking the copper more fairly, was completely flattened, but remained imbedded in the plate which it merely dented slightly, not cracking it in any way.

This is called by experts to be vastly superior to anything the best steel could do under the circumstances and the matter is to be brought under the immediate notice of the present lords of admiralty.

The leading military authorities here express the opinion that if on further trials in the English dockyards the discovery maintains the same superiority most important results must follow, and that the existing systems of armoring war vessels will be completely revolutionized.

TWENTY MEN BURIED

In the Ruins of a Collapsed Building. Several Will Die.

OGDEN, N. J., Aug. 13.—A terrible disaster occurred at Ogden soon after noon Friday by the falling of a building which was being erected, burying twenty men or more beneath the ruins. One dead man and four fatally injured were taken from the ruins by midnight, and the work of digging out the remainder was still going on. Twelve had been found. But few had escaped serious injury.

The injuries of those taken from the ruins were of a most terrible nature, the limbs of some being torn off while the faces and bodies of others were crushed almost beyond recognition. The collapsed building was being erected by the New Jersey and Pennsylvania Ore Contracting Co. There were thirty men at work on the structure and the work had reached that stage necessitating the raising of the frame, when the derrick broke and without a moments warning the building collapsed.

AFTER MORE GAS.

An Indianapolis Company Tapping a Field Near Frankton.

LAPEL, Ind., Aug. 13.—The Indianapolis Citizen's Natural Gas trust has a large force of workmen engaged in putting down a ten-inch gas main from Lapel to near Frankton, a distance of more than twelve miles. The force will be increased to one hundred men and the work will be pushed rapidly. This line will tap a large and important field for the Indianapolis company. Other lines are in contemplation by the same company in Madison and Hamilton counties.

A Congo Prince is with Us.

NEW HAVEN, Aug. 13.—At Morris Cove, in East Haven, Prince Mensar Giraldo De Lime, the third son of the King of Congo, is spending the summer. He is visiting this country with Lieutenant Stresch, of the German army, who is a well known African explorer. Five years ago the King of Congo made the lieutenant, when he was about to return home, a present of his third son. The prince is seventeen years old, intelligent and has been well educated. He will return soon.

Freight Wreck—Three Injured.

LOGAN, O., Aug. 13.—A serious freight wreck occurred on the Columbus, Hocking Valley and Toledo railroad on a bridge near this city, in which, by giving way of timbers, seventeen freight cars and the engine and tender were precipitated to the creek's depths, and Uriah Brown, engineer; Walter Norris, brakeman, and Fred Marshall, fireman, were badly injured. The men all live in Logan. A tramp who was riding on the train says his companion is under the wreck.

At First Her Uncle Was Angry.

SPRINGFIELD, O., Aug. 13.—The sensation of the week here was caused Friday by the news of the clandestine marriage, because of relatives' objections, of John R. Forbes and Nellie K. Lent last Thursday week ago at London, O., by Rev. U. S. Milburn. The groom, who is under age, gave his residence as Milwaukee, the bride's, Rosedale. The bride is the niece of C. M. Nicholas, superintendent of the board of trade, with whom she lived, who was at first rather angry.

South Carolina's First Bale.

CHARLESTON, Aug. 13.—The first bale of the new crop of South Carolina cotton was received here Friday. It came from Barnwell county and weighed 470 pounds. It is four days later than the first bale of last year's crop.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
 Proprietors.

NATIONAL TICKET.

FOR PRESIDENT,
GROVER CLEVELAND,
 Of New York.

FOR VICE PRESIDENT,
ADLAI E. STEVENSON,
 Of Illinois.

NINETEENTH JUDICIAL DISTRICT.

For Circuit Judge,
JAMES P. HARRISON,
 Of Fleming.

For Commonwealth's Attorney,
JAMES H. SALLIE,
 Of Mason.

COUNTY TICKET.

For Circuit Clerk,
ISAAC WOODWARD.

For Sheriff,
J. C. JEFFERSON.

For Coroner,
JAMES C. OWENS.

WEATHER INDICATIONS.

Fair; warmer; variable winds.

The Providence Journal, the leading paper of Rhode Island, which supported the Republican ticket at the last State election, is out for Cleveland and Stevenson.

"In current fiction the tin-plate romancer is dropping out of sight," says the Cincinnati Commercial Gazette. This is a frank confession, but as the Sheriffs are beginning to close out the tin-plate factories, it is useless, of course, for G. O. P. journals to longer try to hoodwink the people.

DISTRICT ATTORNEY GREEN, of Fulton County, New York, just ending his second term of office to which he was elected by Republican votes, says: "I shall vote for Mr. Cleveland if I live until November. I have long been opposed to the tariff impositions placed upon the people by the McKinley bill, and now the Republican party, aided by the influence of Harrison, has sought to thrust the Force bill upon the country and it is more than I can stand." Mr. Green was a gallant Union soldier, adds an exchange

Republican Clubs in Kentucky.

The Lexington Leader has in some way discovered, what had escaped general observation, that a great many new Republican clubs are being formed in the State, especially in Western Kentucky. We are all familiar with the club that Feland carries for Jolly, with the half-dozen assorted sizes that Jolly keeps for Feland, Thrasher, Scott, and others, with the Comingore Club for Striger's benefit, and the Bradley Club for purposes of promiscuous whacking over refractory heads, like that of George Denny. But news of the new ones has not yet leaked out.—Courier-Journal's in and about Kentucky.

Of Interest to the G. A. R.

Joseph Heiser Post, G. A. R., of this city, closed a contract this week with the C. and O. for transportation to the National Encampment at Washington City next September. The round trip rate from Maysville is \$11, and this is open to members of the Post and their friends.

The company also agrees to procure the lowest authorized rates from stations on all connecting lines in Kentucky. In case a lower rate than the above is announced by any other line the company will meet such rate or release the Post.

Special through trains will be run in addition to regular trains, and the company will provide the best facilities.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, make it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

We are Open and Ready for Business.

New goods, one price to all; goods marked in plain figures and guaranteed to be the best made.

HOPPER & Co., Jewelers.

Real Estate Transfers.

N. S. Wood and wife to James Barbour, 26 poles of land in the East End; consideration, \$150.

The protracted meeting at the Bridgeville Christian Church, conducted by Rev. Hugh McLelland, will close Sunday night, August 14th. At last accounts there had been fifty-five additions. The converts will be baptized at Bridgeville Sunday afternoon at 3 o'clock.

KENTUCKY'S BLUE RIBBON FAIR

AUGUST

23, 24, 25, 26, 27,

1892.

Liberal Premiums for Harness, Road, Saddle and Draft Horses. The premium list in the Floral Hall has been almost doubled. A premium for everything that grows and that Ladies make. Fare on the C. and O. and K. C. railways and the Big Sandy steamboats, ONE FARE FOR THE ROUND TRIP. The world's champion Fausta 2:22½, one-year-old pacer, in Tuesday's race. The world's champion Frou Frou 2:25½ trotter will be in Saturday's race. The colts will positively be here.

Ladies and Children Admitted Free First Day.

MAYSVILLE,
 KY.

COUNTY CULLINGS.

Items Picked Up By the Bulletin's Correspondents in Mason and Elsewhere

MAYSLEICK.

We are needing rain and money. A roll of fly paper found. Call at J. A. Jackson's and get it.

John Cogan has been on the sick list for some time past, but was reported some better Friday.

We have quite a host of lady visitors. The boys are kept busy and generally pretty straight.

J. W. Boardman, of Flat Rock, and J. S. Wilson, of Paris, were stopping at the Stonewall House Monday night.

We had a nice little rain Thursday evening which will help some, but we need more. Corn and tobacco and all vegetation is suffering for rain.

Mrs. W. J. Jackson and her children left for their home in Shawhan this week. Her youngest child has been sick during her stay here of two weeks, but was better when she left.

Mrs. Mike Mulrona, her daughter, Anna, and sons Jack and Billy, have all been on the sick list. They are all able to be about again except Mrs. Mulrona, whose death is mentioned below.

Mrs. Mike Mulrona, who had been sick for some weeks past, died on last Wednesday night. Funeral at the Baptist Church Friday morning. She leaves a husband and seven children, all grown—four boys and three girls. The main one of the family is gone and will be greatly missed by the community and the family. We deeply sympathize with the bereaved children.

Park's Hill.

The twenty-first annual Deering Camp Meeting opened at 11 o'clock Thursday. The day was a busy one in camp. There are a large number of new faces among the cottagers from this and contiguous counties.

Professor Bristow and his phenomenal boy cornetist Walker, with a well trained choir, are making good music.

Rev. Dr. Hoss, of Nashville, will preach Saturday night. Superintendent Dr. Boland, of Paris, presides at the services. He offered fervent prayer for the success of the meeting.

Rev. Dr. Chilton, a distinguished Southern evangelist, preached Friday from 85th Psalm, 6th verse. Text: "Wilt Thou not Revive us Again?" Rev. Chilton is a handsome, young-looking D. D., and has been preaching fifteen years. One of his auditors, Dr. Scudder, characterizes the sermon as plain, sensible, matter-of-fact, free from rant or fustian—no sky-rockets, but the truth well told.

As I write a Sabbath serenity hovers over the sacred hill. A light breeze with drifting clouds has given us a delightful day and promises a pleasant visit from the angel of sleep to qualify us for the demands of to-morrow. J. B. H.

WANTED—30,000 bushels of Lancaster and Russian Prolific wheat, for which we will pay near Cincinnati prices, if dry, clean and free of smut.

O. H. P. THOMAS & Co.,

Cor. Third and Sutton St., Maysville, Ky.

HARRY L. WALSH, a former employe of this office, and at one time a clerk in the postoffice, is meeting with success in his new home at Chicago. Thursday was his twenty-first birthday, and his new-made friends made him a present of a handsome gold watch and chain.

The party given by Miss Etta Hooper, at the Beasley Place, in honor of her guests, Misses Jennie, Nellie and Willie Van Pelt, of Parkland, Ky., was highly enjoyed by those present, who were: Misses Kate Mendall, Kitty Thomas, Amy Cain, Bessie Boughner, Lizzie Wormald, Annie Crawford, Anna McCaul Klipp, Nellie Van Pelt, Jennie Van Pelt, Etta Hooper, Willie Van Pelt, Eleanor Hooper and Masters Harry Crawford, Gus Davis, Fred Mendall, Barton Thomas, Keefer Miller.

Miss LIZZIE BEST, daughter of Mr. Thos. Best, of "Glenview," this county, was injured in a runaway accident at Millersburg one day this week, while on a visit to Miss Bessie Barnes. The two were driving from the Barnes residence into town when a part of the harness broke, and their horse began running. As the vehicle passed Mr. W. D. Thackston's, Miss Barnes leaped from the buggy, falling on her left side, sustaining several bad bruises. As the horse neared the railroad, Miss Best jumped from the back of the buggy, falling and striking her head and sustaining severe injuries from which she became unconscious and did not revive for several hours. They were both doing well at last accounts.

BLUE RIBBON FAIR.

Nearly One Hundred and Fifty Trotters and Pacers Entered.

Preparations Being Made For the Approaching Meeting—August 23 to 27 the Dates.

Active preparations are being made for the approaching Blue Ribbon Fair, and the company will have everything in shape when the opening day arrives.

There will be better facilities for reaching the grounds this year than ever before. In addition to the C. and O. trains leaving the foot of Market street every few minutes, the electric cars will take people right to the grounds, landing passengers within a few feet of the grand stand. The company will aim to make the display in all the departments surpass previous exhibitions, and the large number of entries in the various classes insures some exciting contests in the speed rings. Nearly one hundred and fifty horses are entered for the trots and paces. Included in the list are the California wonders, Fausta and Frou Frou, who will start here for the first time in a race in the East. And the fast sons of Cyclone—Dr. Sparks and Gillette—are entered in the 2:18 class. Following is the complete list:

TUESDAY, AUGUST 23.

REV. W. H. ANDERSON and wife, of Carlisle, are both in poor health.

A WAGON run by electricity is a novelty that is attracting much attention at Chicago.

Mrs. N. S. Wood, of Forest avenue, was able to be out yesterday after an illness of several days from asthma.

DR. HALE'S Household Ointment is effecting more wonderful cures than any remedy in the world. Ask Power & Reynolds about it.

REGULAR morning and evening services at Central Presbyterian Church to-morrow. The evening service suspended during the heated term will be resumed. To-morrow evening at 8 o'clock Rev. John N. Forman, a returned missionary from India, will preach. All are invited.

PURELY PERSONAL.

Miss Mary Kennan returned from Flemingsburg last evening.

Mrs. Thomas Wood, of Sharpsburg, is visiting her grandparents, Mr. and Mrs. Charles Phister.

Mr. and Mrs. John Hise, of Cincinnati, are up on a visit to her mother, Mrs. Clarke, of Clifton.

Mr. Will McDonald is in town on a visit to his relatives and many friends. He is engaged in business at Chicago.

Mrs. William Hukill, Sr., of Paris, has returned home after a visit to her daughter, Mrs. Dr. Davis, of Mayslick.

Rev. W. S. Priest and Mrs. Priest and Miss Fant have returned from an extended trip through the Eastern cities.—Covington Post.

Mrs. H. T. Bell and daughter, Miss Ella, have just returned from Maysville, where they spent the past week with friends.—Owingsville Opinion.

Mrs. A. Burtle and charming daughter, Miss Nellie, of Clinton flats, have gone to Augusta and Maysville for a month's summer vacation.—Covington Post.

Mrs. Mary C. Wilson, Mr. and Mrs. Theo. Power and daughter, and Mrs. W. D. Power and daughters, of this city, accompanied by Miss Anna Sparks, of Terre Haute, Ind., are attending Park's Hill camp meeting.

Mrs. M. Archdeacon and daughter and Miss Lula Traxel have returned from a visit at Georgetown, Ky. They were accompanied home by Mrs. Amy McCormick, who will spend some time here with relatives and friends.

An unknown white man has been passing counterfeit dollars at various toll-gates in Bourbon County, say the News.

ABOUT 300 Knights of Pythias will go from Lexington August 21st, to attend the annual session of the Sovereign Grand Lodge Kansas City.

THE Mason County Building and Saving Association will open the thirteenth series, September 3rd. Now is the time to subscribe. Call on M. C. Russell, Secretary, R. K. Hoefflich, Treasurer, or any of the directors.

FOREPAUGH'S big show is coming this way also. It will exhibit here sometime in October. "It never rains, but it pours." Maysville has had a circus famine this season, but two of the biggest on the road are now headed in this direction.

A NOVEL wedding occurred in Lexington this week. At the regular meeting of Bethesda Encampment, I. O. O. F., Daniel Bier, a member of the lodge, and Miss Jennie Collier, of Lexington, were married in the presence of the members, Rev. Dr. Felix officiating.

NEARLY \$100,000 worth of buildings are now being erected in a central Kentucky city. That indicates enterprise, but it is nothing to the enterprise displayed by Ballenger, the jeweler, in fitting up such a store as he now has. Don't fail to stop in and look over his stock of goods.

MISS MAY LANE entertained a few of her friends Thursday evening at her home on West Second Street. After refreshments were served the crowd was favored with a few selections on the piano by Miss Lula Marriott of Wheelersburg, Ohio. All spent a very pleasant evening.

THOMAS NEWMAN died this week at the home of his son E. M. Newman in Mt. Olivet. He was a resident of Maysville for years, but his condition became so feeble last spring that he was removed to the home of his son. Deceased was 85 years old, and was a native of Fleming.

JOHN BUTLER has taken temporary charge of the yard engine at this place. Mr. Frank Smith, the regular engineer, has been in poor health for some time, the result of an attack of malarial fever, and will leave next week, with his family, to spend some time with relatives at Falmouth and Covington.

GOVERNOR BROWN vetoed the Newport Police Judge bill yesterday, the grounds being that the Constitution provides that no Police Judge shall be elected till November, 1893, and this bill proposed that he be elected this year. The Governor also vetoed a bill amending Bracken County's Stock law. The ground for this was that it was local legislation.

THE L. and N. will run a special train from Maysville to Princeton on account of the State Sunday School convention. The train will leave Maysville at 4:30 a. m. Tuesday, August 23rd. Round trip \$5. No one will be allowed on the special train except persons holding certificates as delegates, signed by the State Secretary. For certificates apply to the Secretary at 1,631 Brook street, Louisville.

CIDER vinegar—Calhoun's.

TORNADO policies—W. R. Warder, agt.

GEO. W. SULSER, law, fire insurance.

G. S. JUDS, insurance and collection agency.

A. M. CAMPBELL, real-estate, loans and collections.

Mrs. R. T. ARNOLD, of Mt. Carmel, died Thursday night.

The fuel gas plant at Washington City is in successful operation.

The advance agent of Forepaugh's circus was in town yesterday.

The Versailles Fair Association cleared \$15,000 on its first meeting, which was held last week.

HENRY BUTLER, late conductor on the Kentucky Central, will open a steam laundry at Paris.

The meeting conducted at Paris by Evangelist S. M. Martin has resulted in over fifty additions.

The City of Madison withdrew from the Pomeroy trade yesterday, the Carrollton taking her place.

The Chicago postoffice is equipped with newly-invented electrical machines which cancel 28,000 letters apiece in an hour.

JOHN W. WILSON and Miss Mollie Carr, both of Cynthia, eloped to Aberdeen Wednesday afternoon and were married.

OVER fifty persons have been "redeemed" at the Maysville Sanitarium so far. Six or seven patients are being treated at present.

MARY ELIZABETH, the infant daughter of Mr. and Mrs. Clay Davis, of Reckerville, died last night of croup. Burial at 11 a. m. Sunday at Stone Lick.

THE State Senate has agreed to the House bill to prohibit Pinkerton thugs and others of that ilk from coming into Kentucky to interfere with the domestic or business arrangements of its citizens. The vote in favor of the bill was unanimous.

Mrs. FANNIE WALTERS died at Camp Dennison, O., a few days since, and was buried at Spring Grove, Cincinnati. She was born in 1800, in Virginia. Her maiden name was Huff, and she and her husband resided in Maysville when it was known as Limestone.

JOHN R. LANG, of Harrison County, sold four hogsheads of tobacco in Cincinnati Thursday at 24, 26, 31 and 33 cents per pound. He is said to be one of the best judges and largest growers of good tobacco in the State and his crops are always in demand at the highest prices.

THE Georgetown Times says: "Mr. W. Z. Thompson raised during the season of 1891 and sold in 1892, from ninety-two acres of land, 152,085 pounds of tobacco, for which he received \$14,055.59, and 160 acres of wheat, 4,000 bushels, sold at about \$2,700, exclusive of returns from other crops and live stock."

CONGRESSMAN PAYNTER favored the BULLETIN with a call yesterday while in town on legal business. He and County Attorney B. E. Roe of Greenup were down arguing a motion before Judge Cole to dissolve the injunction against Captain Brown of South Portsmouth restraining him from prosecuting the C. and O. for operating a ferry at that place.

THE Committee on Transportation of the G. A. R. would take it as a special favor if the commanders of the different Posts would make an effort at once to find out just how many comrades and their friends intend going to Washington City. Send in the list to the committee at once, and also collect from each \$1.25, for costs to be furnished by the committee.

SPEAKING of the shortage of C. C. Lawwill, Treasurer of Huntington Township, Brown County, the Georgetown News-Democrat says: "We understand that the bondsmen refuse to make good the shortage—which is nearer \$3,000 than \$2,300—and have employed attorneys to look after their interests in a suit which is likely to be planted against them by the trustees. The affair is a very unfortunate one. If the report as to the action of the Maysville bank is true the bondsmen are certainly warranted in resisting payment until an attempt is made to recover the funds alleged to have been transferred from Mr. Lawwill's account as Treasurer to his account as an individual."

SIR KNIGHT W. LARUE THOMAS, of this city, has been chosen Deputy Grand Master of the Grand Encampment, K. T., of the United States. At Boston, in 1895, he will be honored with the highest office in the gift of the order, if nothing unforeseen occurs.

ANNOUNCEMENTS.

FOR CONGRESS—We are authorized to announce THOMAS H. PAYNTER as a candidate for re-election to Congress, subject to the action of the Democratic party.

FOR APPELLATE JUDGE—We are authorized to announce A. E. COLE as a candidate for Judge of the Court of Appeals, subject to the action of the Democratic party.

TO THE MOUNTAINS

Rush the Thousands of Visitors in Denver—A Few Go Home.

DENVER, Aug. 13.—The scenes about the Union depot Friday were not altogether unlike those at the beginning of the week when the guests were arriving. When they came in they passed under the grand arch over which they read the quotation from their ritual, "We greet thee, pilgrim." As they return to the trains on the reverse of the same arch appears the parting salutation, "God speed thee on thy way." They are going into the mountains for a season, while a few are going to their eastern homes. By the first train of the week all will have gone from Denver.

The last session of the grand encampment of the United States began at 9 o'clock Friday morning and adjourned at 12:30 to meet again the 27th of August, 1895, in Boston.

The morning session was taken up by representatives of committees and routine work. The installation of officers took place just before the closing of the encampment. The names of officers appointed by the grand commander were given out, and were as follows: Grand standard-bearer, W. B. Melish, of Ohio; grand sword-bearer, George C. Conner, of Tennessee; grand warden, John A. Sloan, of Missouri; grand prelate, Sir Rev. Joseph N. McGrath, D. D., of Illinois.

The committee on jurisprudence was also appointed and consisted of the following members: Sir James F. Hopkins, of Pennsylvania; Sir John Q. A. Fellows, of Louisiana; Sir F. J. S. Gorgas, of Maryland; Sir John Frizzell, of Tennessee; Sir John H. Root, of Arkansas.

Today the entire membership of the grand encampment will make the trip to Pike's peak, after which they will return to Denver and join their respective commanderies.

Friday night the local Knights Templar reception committee entertained and banqueted the grand encampment. It was a magnificent affair and was served in the Brown Palace hotel. There were 350 guests at the table. The festivities began at 8 o'clock and concluded at 4 in the morning. The following were the toasts, Chairman Frank B. Hill, of the triennial committee, presiding as toastmaster:

"The President," by H. M. Teller;
"The Grand Encampment," by Hugh McCurdy.
"Richard Cœur De Leon," by James H. Hopkins, past grand master.
"Templarism," by J. Q. A. Fellows, past grand master.
"Woman," by George C. Conner.
"Colorado," by J. H. Neff.

CHINA AND JAPAN

Mines Flooded and Many Lives Lost. Two Vessels Wrecked.

SAN FRANCISCO, Aug. 13.—Advices from Japan and China just received by steamship City of Rio Janeiro, state that floods have done much damage in various parts of Japan. The Innai copper mine in Akitake was inundated on July 14 by the overflow of the Gangan river. A number of miners were drowned and some buildings were washed away.

The American ship North American, Captain Creelman, was caught in a storm in Kii channel the latter part of July and was sunk. She was a total loss. She came to Yokohama in March with a cargo of oil, and was dispatched in May for New York via Kobe with a cargo of rags and camphor.

Lieutenant Arthur Cawston suicided on July 3, by shooting himself in the head on board the British ship, Penguin, at Shanghai. He is thought to have been temporarily insane.

On July 7 the new Japanese man-of-war Akitsushima was launched with great ceremony at Yokosuka. The emperor and many notables witnessed the launching.

The steamer Quagawa Maru was wrecked on July 26 off Shogushima island, and from fifty to sixty lives were lost.

RACE WAR THREATENED.

Negroes and Whites Prepared for Trouble at Tongana, Kan.

LEAVENWORTH, Kan., Aug. 13.—During the past two days great excitement has prevailed at Tongana, a village of this county, twenty miles west of Leavenworth, and there is imminent danger of a race war. Noah Ashbe, a negro, was taken from the jail here on Wednesday to have a hearing before a justice on a charge of committing a rape upon Ada Wayner, a young white girl, who was dragged from her horse on July 25 and outraged by a negro.

The evidence against Ashbe was very strong and Thursday the indignation of the white people became so great that there was loud talk of lynching. The negroes did not accept the theory that Ashbe was guilty, however, and 1,000 of them, well armed, gathered to protect him. A large number of the whites also armed themselves.

The mayor issued a proclamation ordering the crowd to disperse, but no attention was paid to it, and fully 300 armed negroes remained about town Thursday night and a good number of them came with the prisoner to the jail Friday morning, where he will be held for trial at the September term of court unless the case can be sooner disposed of.

SENSATIONAL REPORTS

Concerning the Action of Soldiers at Coal Creek, Tenn.

CHATTANOOGA, Aug. 13.—Very Sensational reports come from Coal Creek regarding the conduct of Tennessee's standing army. The citizens claim that the watchers need watching, or they have assumed an aggressive position toward them. They charge that the soldiers amuse themselves by firing oyster cans loaded with mud from their canons into the village, and that the Gatling gun is fired recklessly into the town. The complaint has stirred up much bad feeling.

Lightning Burns a Hotel.

JAMAICA, L. I., Aug. 13.—The Franklin Square hotel was struck by lightning Thursday night and entirely destroyed by fire. Loss \$85,000. Insurance unknown.

Elevator Burned.

NEW YORK, Aug. 13.—The five-story grain elevator of Theodore B. Chase & Company, at Thirty-fourth street and Eleventh avenue, having a capacity of about 100,000 bushels, caught fire shortly after 1 o'clock Friday, and the flames spread with such remarkable rapidity that by the time the firemen arrived it was seen that the place was doomed. Despite the efforts of the firemen, by 2:30 o'clock the whole place was a mass of ruins and the fire had virtually burned itself out. Several tenement houses in the vicinity were at one time in great danger, but their being kept continually drenched with water prevented their ignition. The total loss is estimated at \$140,000; pretty well insured.

Fatal Electric Car Accident.

LAWRENCE, Mass., Aug. 13.—This evening while two electric cars linked together were coming down a steep grade from North Andover, for Lawrence, the motorman lost control of them and the forward car jumped the track and was overturned. Eda C. Lawson, a domestic, was so badly injured that she died Friday morning. Alexander McGregor had a collar bone broken and received internal injuries. Fifteen other persons were injured, but none fatally.

Radical Way of Reforming Burial.

VICTORIA, B. C., Aug. 13.—Confirmatory advices have been received of the burning of an Indian village on Queen Charlotte islands. The fire was started by some Christianized Indians from Vancouver island, who objected to the hanging of dead bodies on poles in one portion of the village, this being the tribal manner of burial. Superintendent Vowell has been requested to investigate.

At Louisville—Louisville 1, St. Louis 4.
At Chicago—Chicago 0, Cleveland 2.
At Pittsburg—Pittsburg 5, Cincinnati 1.

How to Get a Postoffice.

There are a great many interesting facts and figures connected with post-offices and their masters. For instance, when a countryman is tired of walking or driving several miles for his mail and concludes that the government should bring it nearer, he should state that fact to the first assistant postmaster general, whose clerks will furnish him with instructions and a blank petition for the neighbors to sign. If he wants the new office bad enough to make the government think it a necessity, he will doubtless get it.

At the same time he will be told that in naming it prefixes such as "east," "center" and the like, the suffixes "boro," "burgh," "city," etc., are equally objectionable. Short, characteristic names are preferred.—Kate Field's Washington.

Meters for Measuring Electricity.

In a discussion in London on meters for measuring electrical energy it was shown that in the Frager meter the energy could be made from 300 to 400 times greater than that indicated by the meter by simply closing and opening the circuit at proper intervals. With a Thomson meter it was said to be very easy to force the readings with the aid of a strong magnet applied outside the meter boxes. Fraud is therefore very easily practiced upon such meters, provided one understands them.—New York Telegram.

Everything Big.

Mr. Gotham—Is your home in a good section for farming?
Western Man—I sh'd say so. Everything grows like mad. Why, I've seen hailstones as big as hen's eggs.—New York Weekly.

Morning Noon Night

Good all the time. It removes the languor of morning, sustains the energies of noon, lulls the weariness of night.

Hires' Root Beer

delicious, sparkling, appetizing.

Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good"—it's false. No imitation is as good as the genuine Hires'.
